Cran Hill Camp Tour

Barn Store building houses a gift and candy store. It will be our location for camp registration.

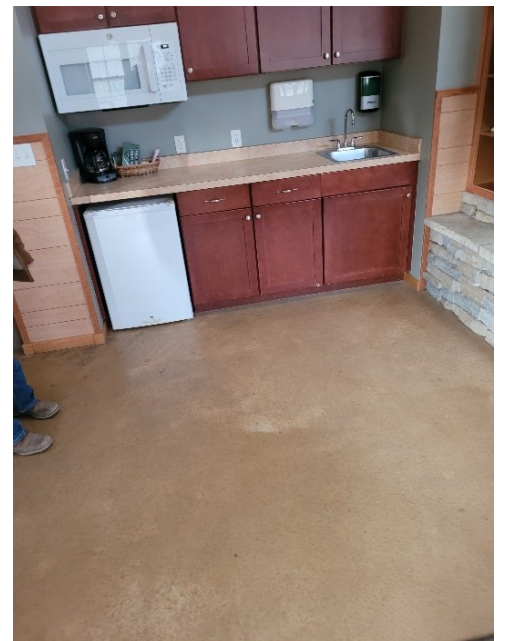

On the lower level is an indoor games room.

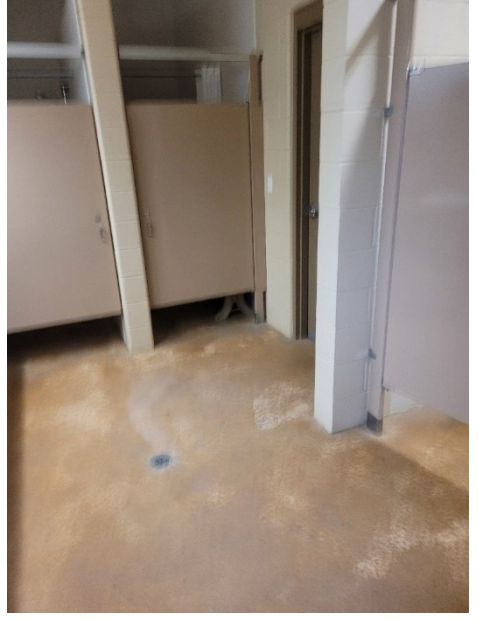

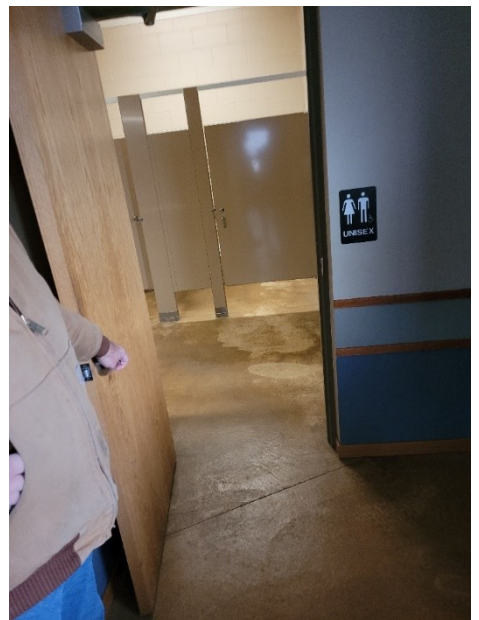

Across the street are the **horse barns** and animal petting zoo.

The **Saddleback cabins** are a collection of 5 identical brick cabins. Each cabin houses 36 beds. The cabins include a lobby, small kitchen, showers and bathrooms.

An outdoor Pavilion sits in the center of the Saddleback cabins. Outdoor fireplace available.

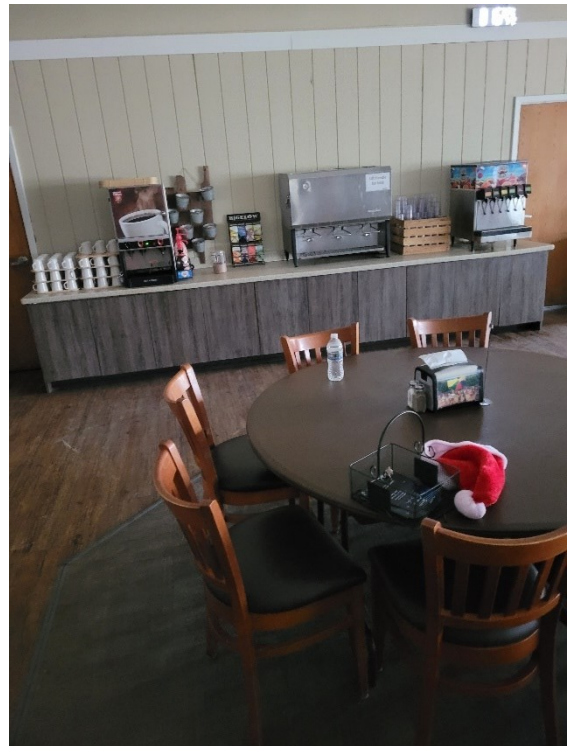

The **Ministry Center** seats 450 with a stage, large screens, sound and lighting. This center can also be used for indoor games and has 2 large rooms for meetings, craft activities or other purposes.

The **Dining Center** seats 170 at time with a Buffet food service. Coffee, juice and soda are available at each meal. Gluten-free and dairy-free options are available at each meal.

The **Target Sports** area supplies three ranges in one location. There is a **22 range** (top) for 8 shooters at a time. The **Archery** (center) supports 8 to 12 shooters at a time. The **Slingshot** (bottom) range allows to 9 shooters at a time. This range uses steel balls to shoot at metal targets on a shed site.
